

GKD: Knowledge shared globally and increased cooperation

The course is set for further growth

WORLD WIDE WEAVE

Picture 1-3 © GKD

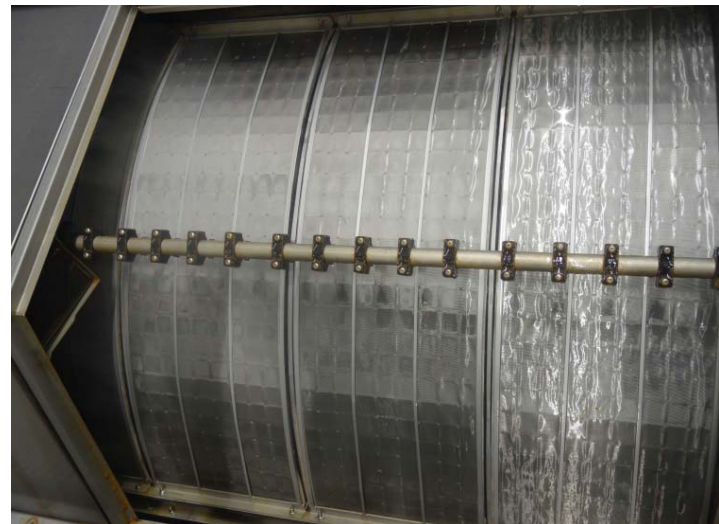

Picture 4 © ThyssenKrupp Fördertechnik

Picture 5 © GKD/ Ashley Gendek

Picture 1: To maintain their lead among the international competition, GKD invested in internationalization and global work distribution early on: The facilities in Germany, USA, India, Chile, South Africa, France, Spain and China (from left to right, top to bottom).

Picture 2: Under the leadership of Lara Kufferath, who is responsible for corporate development and thereby digitalization at GKD, the company has been driving forward the digital transformation since the start of 2019.

Picture 3: Porometric mesh from GKD proves itself in the drum filters for mechanical water cleaning - like here in the indoor salmon farm at Swiss Alpine Fish AG.

GKD Group, Düren

GKD: Knowledge shared globally and increased cooperation

The course is set for further growth

Picture 4: The VACUBELT® 2015 filter belt from GKD has been the globally established standard in the field of FGDP gypsum dewatering for many years.

Picture 5: The way in which their properties combine predestines them for façade or ceiling projects, here as a façade cladding of the type PC-Alu 6010 of Elwick Place in London.
